

DAY-1 22nd December

“Arrival & Orientation”

The participants from Brunei, Indonesia, Malaysia, Singapore and Thailand have safely landed in Japan. As the teams coming from Narita Airport arrived at the Tokyo Metropolitan Government Building, they were warmly welcomed by the Japanese participants. They then headed together to the 202-meter high observation deck, where you can see all of Tokyo. What an impressive view! Later, the Indonesian team coming from Haneda Airport joined the rest of the group. Finally, the 6 countries have gathered!

The first thing they did after the opening ceremony was the most important thing – getting acquainted! Through some fun activities, Betty helped the participants to remember each other’s name and favorite sport. Betty also provided useful information for the next 7 days. DAY-1, ended with Kinnyamonya, a traditional dance from Ama. Toshiba Youth Club Vol.4 has just begun, more adventures to come!

All the participants from ASEAN countries have landed safely in Japan

Welcome to Japan everyone!
